

The Interclass Group Environmental Policy

POLICY

Summary of Requirements:

Top management must define an Environmental Policy and ensure that, within the defined scope of its environmental management system it:

- a) Directly relates to the environmental impacts of the organisation's scope of activities, products and services
- b) Takes into account the nature and magnitude of all such environmental impacts
- c) Commits the organisation to take all reasonable steps to prevent pollution
- d) Commits the organisation to continually seek improvements in its Environmental Management System
- e) Commits the organisation to compliance with all relevant legal requirements
- f) Provides a framework for setting out and reviewing environmental objectives and establishes timeframes for their achievement
- g) Is documented, put into practice and sustained
- h) Is introduced to all persons working for or on behalf of the organisation
- i) Can be accessed by the public

Statement

The Interclass Group recognises the importance of environmental protection and is committed to operating its business responsibility and in compliance with legal requirements relating to building contracts. It is the organisations declared policy to operate with and to maintain good relations with the regulatory bodies.

It is the organisations objective to carry out all measures reasonably practicable to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance through the implementation of the following:-

In particular Interclass is committed to the following actions:

- a) Assess and regularly re-asses the environmental effects of the organisation activities
- b) Training of employees in environmental issues
- c) Minimise the production of waste
- d) Minimise material wastage
- e) Minimise energy waste
- f) Promote the use of recyclable and renewable material
- g) Reduce and/or limit the production of pollutants to water, land and air
- h) Control noise emissions from operations
- i) Minimise the risk to the general public and employees from operations and activities undertaken by the organisation.
- j) Champion the use of computational support including building performance simulation, and building information modelling (BIM) within our procedures to
- k) Assist in designing & constructing buildings that use resources more efficiently.

The directors of Interclass & Environmental Managers will ensure that this Policy is communicated to all employees, suppliers and sub-contractors and is made available to the public. The effectiveness of this policy will be monitored by the Directors on an annual

Signed on behalf of **The Interclass Group**

Dave P Jones – Director of Environmental, Managing Director
